

BAR Shelf Mesh Liner

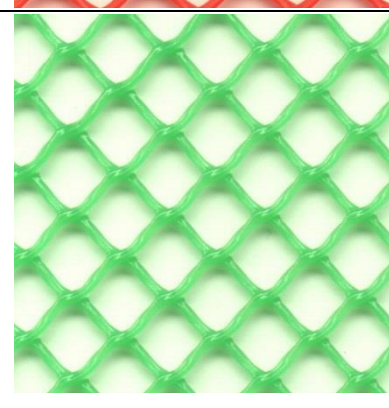

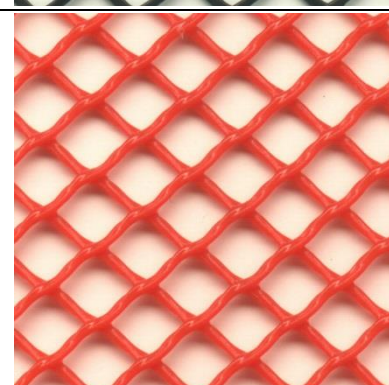

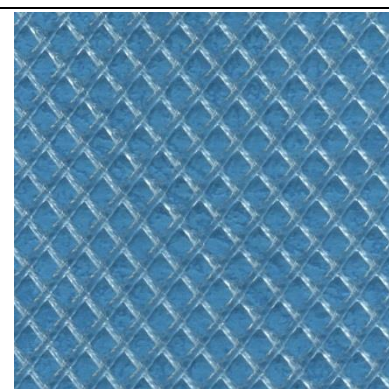

The best way to protect your glassware from chipping and breakage mesh shelf liner promotes air flow for faster drying and hygienic storage. Cut easily with scissors, it's ideal for use on your back bar, in cabinets, drawers and storage areas.

Sturdy, durable mesh Shelf Liner is specially designed for bar and kitchen glass cleaning areas. It's four ways better because Mesh Shelf Liner :

- Minimizes glassware chipping and breakage
- Improves hygiene by keeping tumblers away from bacteria breeding surfaces
- Speeds glassware drying by eliminating condensate, promoting air flow
- Eliminates bacteria dangers of "bar towel" drying

Mesh shelf liner, because it's stress relieved. "Stress relieved" means that the liner will lie flat and contour to the shape of the surface upon which it is placed.
